# The Heavy Horse Centre

The centre has been a sanctuary for heavy horses & ponies & a visitor attraction since 1989. Providing a fun family day out whilst being gently educated by the horses & animals that are cared for at the centre.

In August 2010 the centre became a registered charity & continues to provide permanent homes for unwanted or abused horses & animals that need a home.

Visitors on open days can enjoy "hands on" activities & grooming sessions with the horses with dray rides being offered in the afternoon. The centre is run entirely on voluntary help & receives no funding. Income from visitors, special events, gift catalogue are just some of the ways the centre keeps itself running as well as from our tea room & gift shop.
